We're watching you. Once we adjust live TV mode, we want to watch live news and not about all the programs that run on Aaj Tak. Seriously annoying that you should waste 10-12 minutes before the actual news starts. Improve this mentality. You are a news channel, not a media platform. Understand the value of the time used. 🙏 thank you for our support and we are sorry for the announcements. We will improve in the future and we will try to prevent ads from interfering. Please let's if you have any questions. Thank you. The app appears to have been created to publish ads. Sometimes the ad even appears right in the written material. You swipe once and there will be an announcement. Does not provide a decent way to read the news. The app also takes a long time to actually move to show the home page. This translates back to the market and advertises aaj tak before actually moving on to the actual news. Not a good experience to go to the news. The website developer supported the privacy policy there are a lot of applications on the market that let you enjoy live TV shows and movies on the go, just like Netflix and YouTube. So, if you often tend to miss your favorite daily soap due to a busy schedule or travel, don't worry. Here are the top five live Android TV apps to help you catch up with your favorite episodes at your convenience. The best apps to watch live on Android 1. NexGTV being one of the most popular live TV apps in India, nexGTV provides access to more than 140 channels from across India in multiple genres, including news, sports, movies, and more. The app provides easy on-screen controls and features such as data and image preservation and integration with social media. Some live TV channels available include B4U Movies, Nation News, India TV, BigFlix, Hollywood Entertainment, etc. Apart from live TV, nexGTV also offers a library of more than a hundred movies, shows, and videos on demand in multiple languages. While most channels are free, they offer a subscription to premium high-quality channels. Download nexGTV 2. JioTV made exclusively for geo SIM users, JioTV offers a wide range of channels spread across different categories. You can watch over 600 channels, including both HD and non-HD content. There are a range of popular TV channels such as Colors, ZeeTV, Sony SAP, Zee Cinemas, Sony Six, NDTV, News18, MTV, 9XM, and B4U. In addition, it also features business, lifestyle, entertainment, and children-focused channels. Furthermore, there is a unique recording feature that lets you save programs to watch later, followed by the ability to watch old programs easily. All of this makes JioTV one of the best apps to watch tv live on Android. Download JioTV 3. The Xstream antenna phone formerly known as Antenna TV, Air TV features a large number of TV channels along with content from OTT applications such as ALT Balaji, Hook, ZEE5, Sony Leaf, and Now Erus. There are more than 300 live channels and over 10,000 movies and TV shows available to watch on the platform. Some popular channels on board include ZeeTV, Sony SAP, NDTV India, ET Now, TLC, Movies Now, Sony Ten, Discovery, etc. It also brings a lot of information, entertainment, cinema and regional live news channels to the negotiating table. The app is well polished and gets a very intuitive interface with a separate section for movies, kids, news and TV shows. The Xstream antenna phone is currently available to customers of a prepaid, mobile, broadband and DTH antenna phone. Download xstream 4 antenna phone. YuppTV YuppTV is another popular live TV broadcast With over 200+ live Indian TV channels, the latest regional and Bollywood movies, and seven days catching up from the shows. The app specializes in multilingual content, offering major channels in all languages including Hindi, Tamil, Telgo, Malayalam, Kannada, Punjabi, Marathi, Bengali, Urdu, Gujarati. Some popular Indian channels include Aj Tak, NDTV India, Tiz News, TV in India, Colors, Sony TV, UTV Movies, Max Set, TV, 9XM, Music India, TV Sub, Sony Max, Bindass TV and more. For some reason, Zee and Star Channels are not yet available in India. Also, note that the app requires a subscription to the work. However, new users can join the trial period to try out. Download YuppTV 5. Hotstar along with movies and TV shows, Hotstar also lets you watch a variety of TV channels like Star Plus, HBO, LIVE OK, Star Sports, Fox Live, National Geographic, and more. While the catalog is limited to Star Network channels, you get a few other options such as ABP News, Aaj Tak and Asianet News. With Hotstar, you can get 200 days of live cricket in high definition. Featured users also get to watch some programs before the usual broadcast time. The Rs 365 Hotstar VIP subscription gives you access to live channels, while Hotstar Premium provides access to Hollywood movies and ad-free TV shows. Download Hotstar Wrap up these were the top five apps to watch live TV on Android. Of all, my favorite is Airtel Xstream, because it packs content from different OTT services along with live TV channels. Anyway, what's your choice? Do not let us know in the comments below.
